

Passport Touch

Unmatched Comfort &
Versatility in a Work of Art

ADVANTAGE SOFTWARE

IF YOU THINK ALL WRITERS ARE THE SAME, THINK AGAIN. THE PASSPORT TOUCH IS LOADED WITH PATENTED TECHNOLOGY UNAVAILABLE ELSEWHERE AT ANY PRICE.

Beauty That's More than Skin-Deep

We challenged our designers to create a writer that looks as good as it feels. Open or closed, the Passport Touch is a work of art. But it's even more beautiful on the inside.

Perfect Touch™ Keyboard

Your keyboard is the soul of your machine. If it doesn't feel right, nothing else matters. Write on the Touch, and discover why it's the most comfortable keyboard in the industry.

StenoMagic™ For Faster Writing & Easier Editing (Pat. Pend.)

StenoMagic™ saves you countless keystrokes. Integrate prefixes. Tuck in Q & A symbols. Edit from your CAT software. Whiz through AutoMagic™ selections. The StenoMagic keys can be raised to the same height as your other keys for easy bridging, or conveniently lowered out of the way for a more traditional feel. The possibilities are limited only by your imagination.
